

Mission Statement

The Chicago Bruins Hockey Club is a not-for-profit organization whose purpose is to promote the education, enjoyment and competitive benefits of youth ice hockey. It is our goal to teach the fundamentals of ice hockey and the fun of playing the game. We are not an organization whose purpose is to win at all costs. We support fair participation for all players regardless of playing ability, to measure development in personal growth, hard work, self-discipline and team work. We strive to teach the valuable lessons of youth athletics that can be equated to everyday life...work hard, play fair, and love what you do.

Guiding Principles

The Chicago Bruins Hockey Club is guided by the following principles:

Integrity

Sportsmanship

Respect
